From the HelmComm.....Tim Willford

Well, the season is officially underway!

Spring Workday is behind us, the boats are in the water, and SSC is alive with activity once again. We've even attempted to race three weeks in a row now. Mother Nature, however, seems to be having a hard time letting go of spring. Between the cold temperatures and heavy breezes, she hasn't exactly been making it easy on us. But then again, if sailing were easy, we'd all be golfers.

Despite the weather, there is no mistaking that sailing season has arrived.

High School Sailing Regatta - One of the highlights of the spring was SSC's first-ever High School Sailing Regatta. It was exciting to see young sailors filling our harbor and racing on our waters. Events like these are important—not just because they're fun, but because they represent the future of sailing at SSC and throughout our region.

Around the club, things are moving right along, and docks that sat quiet all winter are once again filled with boats for another summer on Lake Erie. To be completely honest, I've spent most of the past month focused on getting my own boat ready to race, which probably sounds familiar to many of you. Bottom paint, rigging projects, equipment checks, last-minute repairs, it seems every spring we discover three new projects for every one we cross off the list. Such is life as a sailor. Before long, the marina will be full, Wednesday and Sunday racing will be in full swing, cruisers will be plotting their next destination, and we'll all be wondering where the summer went. SSC.

For now, I'll simply say this: enjoy it. Enjoy the longer days. Enjoy the time on the water. Enjoy the friendships that make this club special. We wait all winter for these few short months, and they're finally here.

Above: PC Walcott
Left: PC Fenn

On a sad note: We lost a couple Past Commodores recently; PC Fred Walcott and PC David Fenn - Both will be greatly missed for their years of leadership and guidance of SSC.

For more info, go to www.sanduskysailingclub.com. Go to "community" then drop down to "event calendar."

Happy summer sailing, SSC. — Commodore Tim Willford

First Mate Pippa's Log - June

HENLO SSC FRENZ!!! I am pleased to report dat SUMMER IS FINALLY DOING A HECKIN ARRIVE.

Boat covers are disappearing. Dock hoomans are multiplying. Burgers are being grilled. Life is good.

Now, I know many of you have noticed dat da weather has been a little... confused.

One day: "SUMMER!"

Next day: "Actually, let's try November again."

As First Mate, I have filed numerous complaints with the weather department. So far they have ignored me. Very rude. Despite dis, sailing season has officially started. I have observed:

- Many boats returning to slips
- Many sailors carrying tools and saying words not approved for Junior Sailing
- Tiny DF95 boats doing zoomies in da basin
- Hoomans spending entire weekends fixing things that worked perfectly last fall.

I have also inspected da newest class of Race Team Opti Green Fleet sailors.

They are smol.

They are enthusiastic.

They do not yet realize how much sunscreen they are going to need.

As for me, I have resumed full dock patrol duties. Every arriving boat is greeted. Every dropped chip is investigated. Every suspicious seagull is monitored.

Security levels remain HIGH.

As we head into summer, I encourage all SSC members to remember the important things:

Pet the dogs.

Sail the boats.

And if you happen to have an extra hot dog, I am willing to discuss docking rights and treaty arrangements.

See you on the docks.

Stay pawssitive,

First Mate Pippa-Chief Snack Inspector

Vice Commodore's Comments...VC Tim Ujvari

A quick jolt, it's June and if your sailboat is not ready for the spring splash you are late.

The Memorial Day ceremony and Blessing of the Fleet was met with inviting spring weather and the potluck dinner that followed was bountiful. Thanks to all who participated and just like that the sailing season is underway.

Sailboats occupying their respective slips - As our sailing season is underway, it's always a welcome sight to see the sailboats occupying their respective slips and also a time to make sure you are current on membership, dockage and dry storage fees.

Additional vehicles, pedestrians, and children playing -

It is worth a mention that the summer months see much activity at the SSC, along with additional vehicles, pedestrians, and children playing so remain aware and use caution while driving through the parking lot. No need to be in a hurry,

you have arrived.

Trash at SSC - As a tickler, we at SSC are all volunteers and to literally lighten the load for our volunteers take the few extra minutes to discard the trash, that is collected from your boat, and place it into one of the two (2) large blue dumpsters and not into the lined trash cans located around and in the clubhouse. These lined trash cans are for use during activities at the clubhouse. Oh by the way, if you see one of the trash cans reaching capacity it's time to place that bag of trash in the dumpster. The adage, many hands make light work is appropriate. Your flag officers truly appreciate all the assistance by our volunteers with the maintenance and housekeeping of SSC.

The Dairy Bar is back in full swing so stop by and enjoy a beverage, by the way the selection is incredible. We also have a few new volunteers for the bar, so please welcome Leigh, Morgan, Brenda and Bruce Roberts, and Sara Huffman to the bartender team! With such a large selection at the Dairy Bar show a bit of patience as they navigate the bar. Additionally, we are always looking for volunteers to be included as bar crew, so if interested just let us know.

Volunteers appreciation - An appropriate time to give a shout out of appreciation to a few of our members. Thanks to Judy Kellner, Steve and Linda Clark for stepping forward as volunteers for our SSC Membership Committee. In a recent meeting with this Committee I will say that they are enthusiastic and organized with their task at hand. Take some time to thank these Volunteers.

2026 SSC Yearbook - I am personally thanking PC Eric Winkel for all the help, direction and huge effort that he put forth in the development and publishing the SSC 2026 yearbook this was no small chore. With that, and as I write this small article for the monthly SSC Cross Bearings, we often times may take for granted all of the efforts by Eric to format, prod (me) for my article and publish this news letter. Thank you.

A few repairs and improvements were completed at the clubhouse recently with a few more scheduled in the near future. If there are items that need attention or possibly just suggestions let me or members of the bridge know. You can contact me at 330-696-3161.

From the Rear RC Robbie Stone

Friday Night Feeds – Summer 2026 **

A summer of good food, good friends, and great sunsets on the bay.

Friday, August 7, 2026

Hosts: RC Rob and Kitty Stone

Meal: — Cincinnati-Style Chili Contest! Yes, yes... we know it's not "real" chili — but it is ridiculously good. Now you get to decide which Cincinnati-style creation reigns supreme.

We'll be serving up all the classics:

- Cheese Coneyes
- Spaghetti piled high with chili — 2-way, 3-way, 4-way, and the legendary 5-way

If you don't know what any of that means, this is your chance to find out. Come hungry and ready to judge!

Friday, August 21, 2026 - Sandusky Islands Regatta

Hosts: RC Rob and Kitty Stone

Meal: Think Mexico! We're firing up the griddle and taking your taste buds on a quick vacation south of the border — no passport, no TSA, just flavor.

On the menu:

- Cilantro Lime Chicken Fajitas so good they might cause spontaneous dancing
- Poblano crema that whispers "I'm smooth"
- Habanero crema that shouts "I warned you!"
- Plus all the Mexico-inspired sides you love: street corn, rice, and whatever else we can fit on a plate without violating structural engineering rules

Come hungry. Leave muy feliz.

Sadler Sailing Basin

Chairman - PC Bryan Huntley

The basin is open and boat are still arriving at SSC.

As you can see, the new construction on the new pier is still going on. Please excuse the mess as the contractors work on the final stages of the utilities needed for the new pump out dock and the new transient docks.

We plan to have the new pump-out operational no later than 6/30. Once the new docks have power and water, we intend to go into an agreement with a firm called Dock was to make them available to rent as transients.

We intend to eventually wrap the new wall with concrete.

For this year, we will probably end up grading the area with stone to make it usable until we generate more funds for improvements.

Get out there and enjoy your boat!
